## Mobile Applications (Android/iOS/Windows)

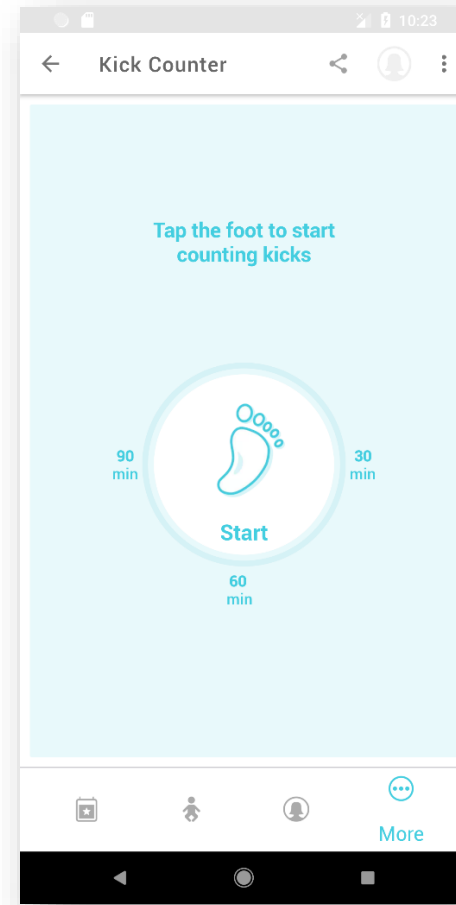

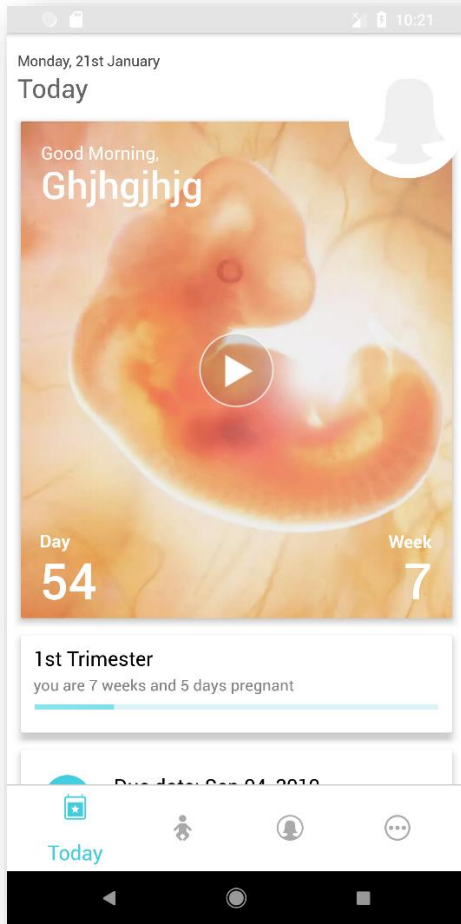

Case Studies

### Pregnancy App

Pregnancy app delivers interesting features and tools as well as trusted health information to expectant moms on the go. Moms can keep track of everything that's happening to her and the baby with this app. She can calculate the due date; learn about baby's development and how the body is developing every week. So that she can get organized for each prenatal visit with a list of important questions to ask to the doctor. Pregnancy App has reached 3 million download world-wide. Consistently rated 5 stars, Pregnancy + App is now the world's most downloaded App. It provides the following information:

- DAILY pregnancy info
- Color and Scan images
- Personal Diary

- Pregnancy Weight log
- Doc Visits log
- Diet, exercise and labor info
- Kick Counter
- Contraction Timer
- Baby Shopping list
- 1000s of Baby names
- Baby Size Visualizer
- Pregnancy week by week info
- And much more ...
